THE
FLEX
SYSTEM
FLEX YOUR GEAR

MODULAR NYLON GEAR BAGS FOR PILOTS (AND EVERYONE ELSE)

PICK YOUR PARTS. BUILD YOUR BAG.™

The whole point of the FLEX System® is to let your bag respond to the simple fact that some days you have more gear and some days you have less. Some days you need THIS set of gear and some days you need THAT set.

The modular design of the BrightLine Bag gives you interchangeable Center Sections and Side Pockets that makes it easy to add and remove space when you need to. We call this Adaptive Utility™.

BUILD DIFFERENT-SIZED BAGS FOR DIFFERENT GEAR ON DIFFERENT DAYS.

These are the five standard pre-configured bags. Beyond these, hundreds of different possible bags can be built from the available components.

B0 SLIM

B2 COMPUTE

B4 SWIFT

B7 FLIGHT

B18 HANGAR

ORGANIZE. MOBILIZE. UTILIZE.™ No other bag gives you so much control or such great access to your stuff. No other bag HELPS you do your job like the BrightLine Bag. No other bag lets you build the perfect bag for exactly the things YOU need to carry.

WHO IS IT FOR?

- Airline Captains
- Commercial Pilots
- Military Pilots
